## Bringing Saskatchewan to you.

Access Communications knows the province has a story to tell. That's why we've invested millions to deliver our AccessNow TV community channels to nearly 100 communities across Saskatchewan. Each AccessNow TV channel has its own local shows and programming celebrating culture, lifestyle, entertainment, events, documentaries and sports. By providing an outlet for the creativity and vision of people, we believe in the importance of reflecting communities back to themselves through the medium of television.
