*Requires compatible TiVo hardware and an iOS or Android device running current software. To stream live TV or recorded shows, Your mobile device must be connected to the same home network as your TiVo.

How to get started:

First you need to create an account login for **WatchTVEverywhere**. It's free with your AccessTV service.

Already have a WatchTVEverywhere login? Skip to the next page.

To set up a WTVE account:

1. Visit watchtveverywhere.ca from any web browser.
2. Select **Access Communications** from the dropdown menu at the top of the screen.
3. Click **Register** in the top navigation.
4. Complete the form. You will need your Access Communications account number to complete this step. Your account number can be found on your bill.
*The password and email you use to complete this form will be the login for the VU-IT! app.
5. Click **Next**, and follow the onscreen prompts to complete registration.

EMAIL: _____
PASSWORD: _____

Once you have a login for WatchTVEverywhere, you need to install the VU-IT! app and connect it to your TiVo.

See the next page for more information. >

Set up the Vu-it! App.

1. Download or update the **VU-IT!** app on your mobile device. You can find it on Google Play or the Apple App Store.

2. Launch the app, and login with your WTVE credentials which you set up earlier.
3. Follow on-screen instructions to connect to your TiVo DVR or go to the **Settings** menu and tap **Streaming Setup**.
4. Select **Settings & Messages**
5. Select **Settings**
6. Select **Network**
7. Select **Connect to TiVo service now**.
8. Wait two to ten minutes while the app connects to your TiVo.

VU-IT! app requires compatible TiVo hardware and an iOS or Android device running current software. To stream live TV or recorded shows, your mobile device must be connected to the same home network as your DVR. Some shows cannot be downloaded due to the copy protection assigned to them by the program provider.
