

Giving you peace of mind.

Access**SecureHome**

Affordable home security supported with trusted customer service.

Giving you peace of mind.

Access**SecureHome** is designed for those of you looking for peace of mind when it comes to your families' safety. Get protection against intruders, fires, water damage and more with 24/7 professional security monitoring and **FREE** installation.

Always on the job

Our job is to make sure you and your family are always protected against burglary, fire, carbon monoxide, rising water and more. All monitored 24/7 by professionals ready to dispatch emergency services.

Save on insurance costs

You can lower your home insurance costs with an Access**SecureHome** system, as many insurance companies factor the presence of a centrally monitored alarm system when calculating insurance premiums.

Intrusion protection

Wireless motion detectors and sensors alert you of any threats to your home and family.

Safety sensors

Truly relax on vacation with Access**SecureHome** monitoring temperature, water, fire and carbon monoxide levels.

Remote access

Gain access with ease with wireless remote and panic keys.

Takeover your existing security system

We can take over many existing security systems – so you enjoy the convenience of having all your home services in one bill and take advantage of our combo discounts. Please contact us to book a **FREE** in-home consultation by one of our home security experts.

At the end of the 48 months, the price unwinds to the regular monthly monitoring rate applicable at the time. Rates are subject to change. If you cancel the contract prior to the end of 48-month term, you are responsible for paying the remainder of months left in the contract.

SecureHome equipment.

The equipment listed on this page can be added to any AccessSecureHome package. You can choose to purchase equipment for a one-time fee or add equipment to one of our financing packages. All equipment includes a 1-year warranty for material and labour.

	Equipment	Purchase
	Starter Kit 85.510005 Control panel with keypad 3 window/door sensors 1 indoor motion detector 1 smoke detector	\$725
	Flood/Water Detector 85.511620 Water is one of the leading causes of damage to your home. Our wireless sensors detect water leaks or flooding in basements, laundry rooms, bathrooms, kitchens and more. They're great for installing at the base of water heaters, washing machines, sinks and more!	\$100
	Carbon Monoxide Detector 85.511510 Carbon monoxide is colourless, odorless and undetectable without a warning device. Keep your family safe with this CO Sensor. Built-in alarms in addition to panel sirens ensure that everyone will get to safety.	\$150
	Smoke/Heat Detector 85.511750 These ultra-sensitive sensors have both smoke and photoelectric heat sensor. Warnings are provided by the unit while transmitting a coded alarm signal to the system. Tamper-proof and low-maintenance, our smoke detector units are certified to the highest international standards.	\$125
	Window/Door Sensor 85.511250 These slimline sensors attach to common points of intrusion like doors and windows as well as locations inside the home like medicine or liquor cabinets. These compact sensors are only .26 inches thick and blend easily into the decor of your home. Adaptive power usage extends the battery life for reduced maintenance.	\$50
	Glass Break Detector 85.511770 The wireless detector adds an additional level of security to your property by sending you an instant alert in case of shattered glass.	\$100
	Temperature Detector 85.511610 This versatile temperature sensor provides early detection of a dangerous change in temperature so you can take action to resolve the situation. The installation of this sensor enables temperature readings from the sensor to display on your panel.	\$75

Indoor Motion Detector 85.511300

Our indoor motion sensor offers reliable motion detection and temperature monitoring performance, in one easy-to-install and attractive device. With superior immunity to false alarms, it can even distinguish between a human and your pet!

\$100

Outdoor Motion Detector 85.511317

Our outdoor motion sensor is designed for outdoor use in the most severe climate conditions. Features include pet detection to avoid false alarms, tamper protection and temperature compensation.

\$275

Indoor Siren 85.511400

Provides notifications for alarms, door chimes, and troubles with a siren output of 110 dB with a strobe light.

\$125

Repeater 85.511025

Our repeater extends the range of your system and supports up to 164 wireless devices. Status LEDs indicate system status for power and any attempted RF jamming.

\$150

Panic Key 85.511530

With a neck-strap and belt clip included, this wireless key provides fast and easy alarm activation with a single large button.

\$75

4-Button Panic Key 85.511735

Our wireless key provides multiple programmable functions in water and scratch-resistant form factor that easily attaches to your key chain.

\$50

Shock Detector 85.511775

A shock sensor provides perimeter protection of an attempted intrusion by sensing forced entry before a burglar enters the property. This can potentially reduce the damage and losses to a property as a result of a break-in and provides home and owners with enhanced security.

\$75

Your family's safety in the palm of your hand.
